RipWrap

WATCH DEMO VIDEO

RipWrap offers all the holding power of gaffer's tape, but with none of the gummy residue. Wrap up plants for easy transport or keep your pants from flapping in the wind when cycling. The possibilities are endless! Comes in continuous or perforated every 3, 6, 9 and 12 inches to accommodate your needs. No wonder it's the preferred choice of professional installers.

30ft rolls are available on this site. To purchase 75ft and 150ft rolls, please contact our authorized distributors through our [map](#) or [list](#).

Description

RipWrap offers all the holding power of gaffer's tape, but with none of the gummy residue. Wrap up plants for easy transport or keep your pants from flapping in the wind when cycling. The possibilities are endless! Comes in continuous or perforated every 3, 6, 9 and 12 inches to accommodate your needs.

product code	product size	maximum bundle size
-03	3"	9.75"
-06	6"	1.50"
-09	9"	2.50"
-12	12"	3.50"

Find the size that's right for you

1. First determine the diameter of your maximum cable bundle size.
2. The maximum cable bundle size will define the length of your CableWrap.
3. Find the appropriate product code on the chart above.

NOTES: This product is used for use only for wrapping cable bundles. See directions for proper use. Do not use as a safety strap or in load carrying applications.
