

These precision screwdrivers are made with a SU11 steel shank for exceptional strength and long life. They are 60 mm long by 3 mm diameter shank. Featuring the following:

- Tips are magnetized for easier access to hard-to-reach places
- Ergonomically designed polypropylene handles with thermoplastic rubber (TPR) grips with increased comfort and torque
- Ends of handles has rotatable swivel for ease of use and one-handed operation
- SD-00 is a phillips head size #00 and is available as the SD-00/10 pack of 10 or in the SDKP-2 kit
- SD-080 slotted head size 2 mm wide and is available as the SD-080/10 pack of 10 or in the SDKP-2 kit
- SDKP-2 is a set that includes one each of the SD-00 & SD-080
