Description

WrapStrap is a single strip of double sided hook and loop fastener that quickly and easily wraps around almost anything. Comes in continuous or perforated every 3, 6, 9 and 12 inches to accommodate your needs. No wonder it's the preferred choice of professional installers.

perforation code	perforation length	maximum bundle size
-03	3"	0.75"
-06	6"	1.50"
-09	9"	2.50"
-12	12"	3.50"

find the size that's right for you

1. First determine the diameter of your maximum cable bundle size.
2. The maximum cable bundle size will define the length of your CableStrap.
3. Find the appropriate product code on the chart above.

NOTICE: This product is sold for use only for wrapping cable bundles. See directions for proper use. Do not use as a safety strap or in load carrying applications.
